

# **PLEASE JOIN US FOR A PEP TALK**

We are business and property taxpayers...with good news to share!

There are “good for jobs” issues on the ballot this fall...

There are some very good candidates, who want to represent us in this Washington... and the other one...and best of all,

## **NOVEMBER IS COMING...**

**WE ARE:** Americans For Prosperity, the National Federation of Independent Business, The Washington Farm Bureau, the Washington Retail Association, the Building Industry Association and others who are genuinely concerned about not just where we are - but where we're going in terms of the policies that those we elect will pursue.

We care about jobs! Please join us! Together we CAN – and will – make a difference this year! If it's going to be different – we must help make it happen! Special guests – and great information! Come on over!

### **WHO SHOULD ATTEND?**

Business and property taxpayers, their families & friends. Candidates who share our concerns for jobs and who'll commit to work for real reforms needed to turn our local economies around and restore jobs.

### **WHEN AND WHERE:**

Please meet us at one or more of the locations listed here. Spend a few minutes with us, or stay with us for as many stops as you can. Please tell your friends and bring them with you.

For more information or specific travel routes, updates, and planned intermittent stops between the locations listed - please send email to

[katpep2010@gmail.com](mailto:katpep2010@gmail.com).

# PEP TALK
